Do I really need Critical Illness Insurance?

Of the people who died from various types of diseases in Hong Kong:

- ☠ Nearly 30% died of cancer
- ☠ More than 10% died of heart disease
- ☠ Cerebrovascular disease also accounts for half of all deaths

The medical costs of these critical illnesses are sky-high;
are you sure you really don't need a critical illness insurance?

Is Critical Illness Insurance really worth it?

The existing Critical Illness Insurance on the market generally:

- 🔔 Most are Term Critical Illness Insurance which only compensate once
- 🔔 Lifetime Critical Illness Insurance has a savings component, resulting in high premiums
- 🔔 If there is a survival period, i.e., death within a short period of time after the onset of the disease, compensation may not be paid

It is vital to choose a comprehensive and practical Critical Illness Insurance.
